Koplas 2025 Overview

Name	KOPLAS 2025 28 th Korea International Plastics & Rubber Show
Dates	11 (Tuesday) - 14 (Friday) March, 2025
Hours	10a.m. ~ 5p.m.
Venue	Hall 4, 5, KINTEX (Korea International Exhibition Center) Exhibition Center 1 217-60, Kintex-ro, Ilsan-seogu, Goyang, Gyeonggi-do, Korea
Scale	21,384 sqm
Concurrent Show	K-Mtech : Korea Materials, Composites & Equipment Show INTERMOLD KOREA : Korea Int'l Die · Mold & Related Equipment Exhibition

Koplas 2025 *Imagine a world without plastic, how could we live?*

Plastic is indispensable part of our everyday life

Korea's plastic processing industry, which is the fourth largest (in terms of production) in the world, employs approximately 250,000 people throughout related fields. As the convergence between industries has accelerated in recent years, the use of plastics and rubber in leading domestic industries such as automotive parts, IT-related products, and LED has rapidly increased, and various innovative plastic products are replacing metal, concrete, and glass. The plastics industry is a core foundational industry that continually generates demand and profit.

KOPLAS 2025 opens up a new market!

KOPLAS, Korea's No.1 Plastics and Rubber Industry Exhibition welcome you to its 28th opening in 2025, which will offer a wide variety of attractions ranging from raw materials of plastic to molds, processing machines, ancillary equipment, automation solutions, printing, packaging, semi-finished goods, finished goods and a "plastics and rubber industry" marketplace where you can witness the present and future of the industry at a glance.

Maximizing exhibition marketing with a synergistic combination of exhibitions

KOPLAS will be running with K-Mtech (Korea Materials, Composites & Equipment Show) which specializes in and categorizes in order to step up as Asia's No.1 plastics exhibition including INERMOLD KOREA(Korea Int'l Die·Mold & Related Equipment Exhibition). It aims to open up a platform for marketing that will provide added value through creation of new markets and increased exports by promoting interactions between the plastics, rubber and material industries.

Why Koplax?

We provide the best business networking opportunity

In order for a business to be successful, human interaction is inevitable.

At KOPLAS, we offer a comprehensive platform to exhibitors that goes beyond the booths and includes much more.

Business Center

Buyers with purchasing power from various related fields will visit !

koplax (Plastics and Rubber Industry Exhibition) will run concurrently with K-Mtech (Korea Materials, Composites & Equipment Show) and Intermold Korea (Korea Int'l Die · Mold & Related Equipment Exhibition) drawing significant number of industry professionals and related personnel among the visitors.

- Researchers and professionals of automobile manufacturing and parts
- Medical device production professionals
- IT & electronics professionals
- Materials & parts distributors, agents, representatives
- Construction materials researchers and professionals
- Raw/intermediary materials related equipment manufacturers
- Various plastic goods production professionals
- Clusters, networks, associations, public institutions
- Chemical corporation, materials researchers and professionals
- Professional Education Institutions, Government Institutions

Plastic Industry 4.0

“Bringing new perspectives on smart factories”

Plastic Industry 4.0 - Dreaming of a Smart Factory

The 'Smart Factory,' designed to enhance productivity, improve efficiency, and strengthen global competitiveness, upgrades the manufacturing process and implements ICT technology in development, purchasing, distribution, and service to create new forms of manufacturing systems.

Witness the business platform with the latest technological developments and breakthrough innovations at KOPLAS 2025.

Plastic for a Sustainable Environment

Recently, after realizing the gravity of various environmental issues caused by plastic waste, the whole world has been making efforts to reduce disposable plastics through various regulations. However, as plastic and rubber are vital materials, it is not just a matter of reducing the use of plastic, but more ultimately about creating a **plastic recycling economy**. This calls for the cooperation of all those relevant to plastic ranging from plastic manufacturers, designers, brand retailers, recycling companies, to consumers. At KOPLAS 2025, we would like to share the success stories of recycling and recycling solutions.

Koplas Product Categories

1. Raw Materials and Auxiliary Materials

Super engineering plastic, Carbon fiber, Bioplastic, Recycled materials, Rubber, etc.

2. Additives

Plasticizer, Antioxidant, Thermal stabilizer, Flame retardant, Blowing agent, Filler, Coloring, etc.

3. Processing Machinery

Injection Molding Machine, Extruder, Blow Molding Machine, Foam Molding Machine, Vacuum Molding Machine, etc.

4. Automation Machinery

Thermostat, Cooler, Take-out robot, Dryer, Meter, Coloring mixer, Feeder, Loader, etc.

5. Parts and Meters

Screw, Barrel, Roll, Nozzle, Controller, Sensor, Pump, Servo motor, etc.

6. Molds and Dies

Injection Molding & Extrusion, Blow Molding, Extrusion Die, Molds Parts, Mold and Die Cleaning Equipment

7. Post Processing Machinery

Surface treatment machine, Welding machine, Bending/Folding/Edge trimming machine, Coating machine, Coloring machine, etc.

8. Test and Measuring Equipment

Fluidity and Elasticity meter, Machine and Mechanical device, Heat, Electricity, Optics, Chemistry, Precision Meter, Quantum Machine, etc.

9. Printing Machinery

Flexographic printing presses, Plastic card presses, Screen printing presses, Printing Blanket and Ink rollers, Plastic film for printing, Large format printer, etc.

10. Packaging Machinery

Packaging machinery, Sorter, Bending machine, Packaging processing machine, Packaging Materials, etc.

11. Finished Products

Car parts, Home appliances, Smart phone, Medical device parts, etc.

12. Recycling

Recycling System, Pulverizer, Disintegrator, etc.

Application

How to Apply for Exhibit Space

1	2	3	4
Submission of Application	Payment of 50% Deposit	Allocation of Booth Space	Payment of Balance

* Deadline for Application : 31 December, 2024

If the exhibition space is fully booked prior to the deadline, applications may no longer be accepted.

Contact information to apply for space

Korea E & Ex Inc. (KOPLAS Organizer) Rosie Yu, Manager (rose@eandex.co.kr)

Booth Space and Charge

Booth Type	Dimensions of 1 Booth	Charge of 1 Booth
Space Only	3m X 3m = 9 sqm	USD 2,800
Shell Scheme	3m X 3m = 9 sqm	USD 3,600

(ex)

Shell Scheme

includes fascia board with company name & logo, partition wall paneling, lighting, pytex, information desk with a chair, one round table with 4 chairs, and a wastebasket.

Special Benefits

1. KOPLAS 2023 Exhibitor
USD 100 Discount per booth(9 sqm)
2. Early Bird Benefit
USD 100 Discount per booth(9 sqm)
(Only applicable if 100% payment is received by 29th November, 2024)

* More than one discount may be applied.

28th Korea International Plastics & Rubber Show

Rules & Regulations for Exhibit Space Application

1. Definition of Terms

- ① "Exhibition" refers to the 28th International Plastics · Rubber Industry Exhibition (KOPLAS 2025).
- ② "Exhibitor" refers to representatives of firms, government institutions, public organizations, related industries, organizations and various other companies that manufacture, sell, and trade plastics and rubber-related products.
- ③ "Secretariat" refers to Korea E & Ex Inc.
- ④ "Exhibit Item" refers to product matching product category listed in separate paragraph (note product category respective to product code), "Exhibit Item(s)" are limited to products that are currently in production · sales and have been finally confirmed and listed on the KOPLAS 2025 website by exhibitor(s).
(However, in the event of a change, exhibitor(s) must consult with the Secretariat and re-register.)

2. Application to Exhibit

- ① Complete the Exhibit Contract (Submission Form) and submit with down payment (1/2 of the total Exhibit Fee) to the Secretariat. The remaining balance and additional expenses must be paid by Jan 15th, 2025. If not paid by the deadline, the Secretariat may cancel the contract.
- ② The exhibitor acquires the right to use booth(s) at the point of submitting the Exhibit Contract and down payment.

3. Assignment of Booth Location

- ① The Secretariat selects booth location based on order of application, booth size, participation history and overall composition of the exhibition hall.
- ② The Secretariat may change the location of a pre-assigned booth for the purpose of an efficient composition of the exhibition hall.
- ③ In the case that the Secretariat assigns booth spaces or alters pre-assigned booths according to paragraph 1 and 2, exhibitors may not raise objections through cancellation of participation, demand of compensation, and the like. However, if a booth arrangement becomes a limiting factor in an exhibitor's display of a product, said exhibitor may raise an objection due to special circumstances and negotiate with the Secretariat for a change of booth location.
- ④ Without prior consent of the Secretariat, an exhibitor may not assign to, sublease to, or exchange a pre-assigned booth with a 3rd party.

4. Consent to Use of Publicity Right

- ① It is deemed that exhibitors consent to the use of photographs and videos (containing images of them) taken during the exhibition period for promotional purposes. The use of publicity right is limited to materials promoting exhibitions organized by Korea E & Ex Inc. including printed advertisements, video advertisements, websites, newsletters, and online social network platforms, lasting up to 2 years after the end of an exhibition.

5. Consent to Use of Personal Information

- ① The Secretariat collects personal information (name, telephone number, address, mobile phone number, e-mail address, company name, department, job title, etc., and other items) that is provided in the exhibit contract.
- ② The Secretariat may use collected personal information only for the purpose of: promoting the next exhibition, confirming future participation, and delivering notices.

6. Fire Hazard Prevention Rules

- ① Exhibit items and all materials within the exhibition hall must undergo nonflammable treatment in accordance with Fire Prevention Laws.
- ② Exhibitors are responsible for any short circuits and fires occurring within assigned spaces during the setup period, exhibition period, and demolition period.
- ③ The Secretariat may, if necessary, request exhibitors to make alterations for fire prevention purposes to which exhibitors must comply.

7. Weight Restrictions

- ① The weight of exhibit items is subject to a limit based on the ground structure of the exhibition hall. If the weight of a single exhibit item exceeds 1ton per 1sqm or its total weight exceeds 5tons, the exhibitor must consult with the Secretariat and the KINTEX Technology Department beforehand in order to proceed with the exhibition.

8. Prohibition of Events and Sales

- ① No events for customers are allowed in the exhibition hall.
- ② With the exception of books, no products are allowed to be used for sales activities.
- ③ If it is deemed that a pre-registered exhibitor is engaging in an event or on-site sales activity, the Secretariat may unilaterally terminate the exhibit contract with said exhibitor.
- ④ If an event is inevitably needed within a booth, the exhibitor must submit a

proposal beforehand and obtain the approval of the Secretariat.

- ⑤ If the rules related to the event mentioned above are violated, the Secretariat shall unilaterally suspend the event for the purpose of maintaining a pleasant exhibition environment. In this case, the responsible exhibitor may be subject to a disadvantage when participating in the next exhibition or being assigned a booth.

9. Termination of Contract

- ① In the following cases, the Secretariat may terminate the exhibit contract before or even during the exhibition.
 - 1) The exhibitor unilaterally cancels the partial use of a contracted exhibit space or participation of the exhibition altogether.
 - 2) The exhibitor refuses to use all or part of the assigned booth.
 - 3) In the event that the exhibitor, without prior consent of the Secretariat, assigns to, subleases to, or exchanges a part or all of the assigned booth with a 3rd party.
 - 4) Booth charge is not paid in full within the given deadline, the Secretariat deducts the booth charge submitted by the exhibitor as a penalty as shown below; additional payment is required if there is a negative balance and any remaining balance shall be reimbursed.

Formation of contract	D-60	D-30	Show opening
	50% of total booth charge	80%	100%

- ② No interest is paid on the refund amount, and the non-refunded booth charge shall not be carried over to the account of the next exhibition.
- ③ If it is deemed that the exhibitor's exhibit items are non-congruent with the exhibition's target items, the Secretariat may unilaterally oust the exhibitor, in which the booth charge shall not be reimbursed.
- ④ If the exhibition is canceled or a change in schedule occurs due to reasons attributable to the Secretariat, the exhibitor may terminate the contract and charge for expenses including the booth charge .

10. Force Majeure

- ① The Secretariat may, for reasons including force majeure or special circumstances not attributable to the Secretariat (natural disasters, disasters, epidemics, national policy changes, riots, terrorism etc.), downsize the exhibition or alter the exhibition period; in this case, exhibitors may not request compensations to the Secretariat.
- ② In the case that the exhibition is cancelled due to reasons of a 'force majeure' nature, the Secretariat shall carry over each exhibitor's booth charge in its full amount to the following year's exhibition balance.
- ③ If a government/public institution proves the validity of a force majeure, and the force majeure remains valid up until 30 days before the exhibition, the Secretariat shall immediately announce an official cancellation. However, if an exhibitor cancels before announcing an official cancellation, the entry fee shall not be reimbursed in accordance with Article 9 ① 1).

11. Responsibility for Compensation

- ① The Secretariat, as a good organizer, shall make the utmost effort to manage the safety of the exhibition space.
- ② The final responsibility for all exhibit items lies with the exhibitors, in which the Secretariat shall not be liable for any compensation due to loss, damage, fire, etc.
- ③ The perpetrator shall be held responsible for any compensation owe to other companies for accidents including damage, fire, etc, due to an exhibitor's intention or negligence.
- ④ Exhibitors are responsible for insurance coverage on exhibit items.

12. Restriction on Installations

- ① No equipment or exhibition items may be left on the aisles that might obstruct an emergency evacuation.
- ② No exhibition booth(s) or incidental facilities may be installed at an emergency exit or in front of a machinery-housing room, warehouse, fireplug loading dock or restroom.
- ③ Exhibition booth(s) shall stand 1m from the wall of the existing facilities and partition and shall not be fixed on the existing facilities.
- ④ No drilling or nailing shall be performed on the floor of the facilities in any case.
- ⑤ The Exhibitor shall be responsible for following all rules concerning handling of dangerous goods, Fire Prevention Laws and Decrees, the High Pressure Gas Safety Control Laws, and other laws related to handling of dangerous goods.

13. Other Regulations

- ① The fact that the exhibitor understands and agrees to the "Rules & Regulations of Exhibit Space Application" and Conditions mentioned in the "Service Manual" is an integral and binding part of this contract.

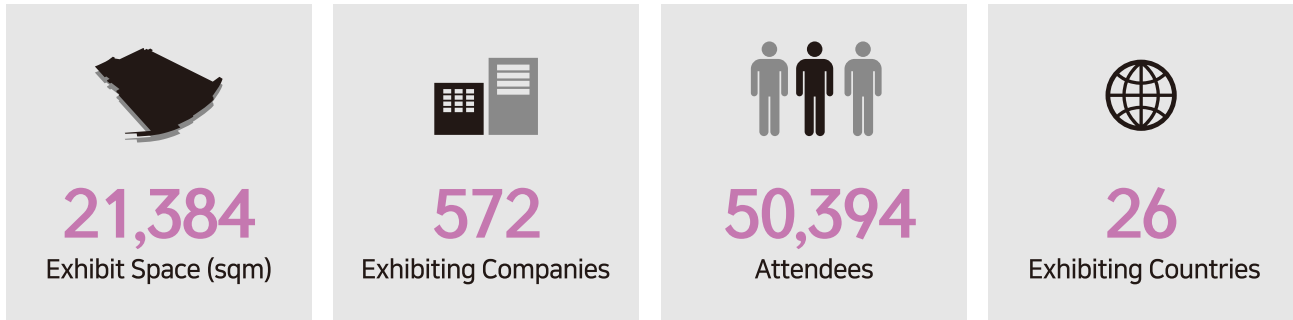

14. Disputes and Arbitration

- ① Any dispute arising out of or in connection with this contract shall be finally settled by arbitration in Seoul in accordance with the Arbitration Rules of The Korean Commercial Arbitration Board.
